Your Input on Proceeds From RGGI

The New Jersey Department of Environmental Protection (NJDEP), the New Jersey Board of Public Utilities (NJBPU), and New Jersey Economic Development Authority (NJEDA) are hosting interactive workshops across the state to gather public input on how the state should invest auction proceeds from the Regional Greenhouse Gas Initiative (RGGI). The state will invest proceeds in programs designed to help meet the state's climate, clean energy and equity goals. Attendees will have the opportunity to give their feedback on funding priorities identified in the [RGGI Strategic Funding Plan Scoping Document](#) and offer ideas about how this funding can help their communities. Each agency will host specific sessions, breakout discussions will primarily focus on host agency funding initiatives. [See more and register to attend.](#)

For questions, contact Helaine Barr at DEP 609-633-1466.
