## August 11, 2021

- I. Conference Connections
- II. Beware of Unauthorized Reservation Services

\*\*\*\*\*

### I. Conference Connections

As you [Register for the 106<sup>th</sup> Annual League Conference](#) and [book your hotel rooms](#), take a moment to consider how you'll be getting around town.

Jitneys and taxis will service the Convention Center throughout the day and require standard cash fare.

Transportation via shuttle buses between official League Conference Hotels and the Conference Center is included in your hotel room fees.

These transportation services that work to get attendees to and from the Conference are hard at work to ensure a safe experience.

[Please visit the Transportation section of the Conference Website to review the protocols for the various transportation services.](#)

### II. Beware of Unauthorized Reservation Services

All housing reservations for the League Conference are processed solely by A.C. Central Reservations, Inc. They are the only authorized housing company affiliated with the League and will not contact any delegate or exhibitor unsolicited. **Do not book your reservations with any company that solicits you via phone, email, fax, or mail.** You cannot be assured your credit card information is secure and your room reservation may not actually be made.

You can visit their website via the [League Conference Housing page](#).

Using unauthorized reservation services creates real problems for you and the conference as a whole. Your room will not be part of the official conference housing block so you won't get emergency housing information, nor will there be adequate shuttle bus services to your hotel.

### Benefits of Reserving your Room with AC Central Reservations

- All participating hotels ensure attendees are adequately accommodated and all standards are met.
- The League uses the booking lists to distribute important conference information, relay any housing changes, arrange shuttle bus accommodations, and other critical functions.
- You will receive a direct email acknowledgment of your reservation.
- Assured that you are working with a reputable company and your credit card information is secure.

As always, the League is available to answer your questions on any aspect of the Annual Conference and we strive to make your participation both enjoyable and highly productive.
