Re: Local Aid Infrastructure Fund Program Changes

Dear Mayor:

Please be advised starting June 1, 2015 the New Jersey Department of Transportation will no longer accept paper applications for the Local Aid Infrastructure Fund program. All applications after June 1st must be submitted using the System for Administering Grants Electronically (SAGE). You can access SAGE from the Local Aid website at www.state.nj.us/transportation/business/localaid/descrfunding.shtm.

As with all Local Aid grant applications each applicant is still required to provide a signed and sealed paper copy of the resolution within 30 days of the application submission to the appropriate District Office.

If you have any questions regarding the application process please contact SAGE Administrator, Komila Pandit at 732-625-4287.

Very truly yours,

Timothy McDonough
Mayor, Hope
Chair, League Transportation Committee

William G. Dressel, Jr.
