## Exhibitor Learning Sessions at the NJLM Virtual Conference

Each year Exhibitors at the League Conference provide valuable information, tools, and services to improve local government operations. And each day of this year's Virtual Conference, midday will feature Exhibitor Learning Sessions that provide extra detail and in-depth information in addition to what you'll see in Exhibit Hall booths. The sessions cover a range of topics in 50-minute increments.

This letter is intended to provide elected officials timely updates on critical policy and administrative issues. Consider the following sessions when planning your schedule for the 105<sup>th</sup> Annual Conference, November 16-20. And if you can't make it to all the sessions during Conference Week, you will have up to a year to catch up as these sessions will be recorded and available on-demand for registrants for one year.
