Highlight Municipal Infrastructure Needs and Successes with #LeadWithInfrastructure

Please help us highlight the need for federal infrastructure funding in New Jersey on social media.

As Congress debates the details of an infrastructure package with the Biden Administration, including how it is paid for, it is critical that New Jersey municipalities highlight infrastructure needs and successes on social media and tag federal members.

The League is asking that you help us to increase awareness by joining in our social media campaign and posting your own experiences.

Using the hashtags #RebuildWithUs and #LeadWithInfrastructure, the League is asking municipalities to share pictures, graphics and descriptions of local infrastructure needs and success stories that highlight road, bridge, pipes, and water infrastructure.
