Troubleshooting

Once you move redaction notices from the “Approved Requests Pending Redaction” Inbox to the “Pending Confirmation” Inbox, you **MUST** move the notice out of that Inbox: i.e., either take steps to redact the information and record the redaction - or delete it. If you are not doing the actual redacting, delete the notice. Even if you are only monitoring redaction notices and your staff members are making redactions, you **MUST** move the notification out of your “Pending Confirmation” Inbox.

**If you are no longer
an appointed
Redactor, advise
the OIP.**

OIP needs correct and correct data to assure it's sending notices to the right person.
