Lt. Governor

ROBERT M. CZECH
Chair/ Chief Executive Officer

April 20, 2015

William G. Dressel, Jr.
Executive Director
NJ State League of Municipalities
222 West State Street
Trenton, NJ 08608

Dear Bill,

I am sorry I cannot attend your retirement dinner. However, I wanted to extend my deep appreciation for having had the opportunity to know and work with you.

I believe my first opportunity to work with you on an important issue affecting local government was the Conventional Arbitration legislation during the Whitman administration. As always, you were dogged in your advocacy and relentless in your efforts to show how local governments and their taxpayers were impacted. This tenacity was a hallmark of your tenure at the League of Municipalities. You just would not give up on an issue, even if it felt like you were the lone voice on your side of a particular issue. The recent changes to the Binding Arbitration law were significantly assisted by your efforts and support. The result of these changes to the law, as the Governor has noted, has been a benefit to New Jersey property tax payers.

Bill, it is my hope that you will take satisfaction in the knowledge that you made a difference in your career. You can retire with the knowledge that you made a contribution. You served your member municipalities well.

Thank you Bill. May God bless you and your family as you now get a chance to relax and enjoy them a little more.

Sincerely,

A handwritten signature in black ink that reads "Bob Czech".

Bob Czech
